

REACH Compliance Statement

Product SKU: PGL-60

Company	Brisingi Magnets / Pipio ApS
Product scope	Neodymium iron boron (NdFeB) permanent magnets supplied by Brisingi Magnets / Pipio ApS, including normal surface coatings or platings supplied with those magnets, unless otherwise stated in a product-specific document or agreement.
Regulation	Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
Issue date	30 June 2026
Document version	1.0

Statement

Brisingi Magnets / Pipio ApS declares that, based on information currently available from its supply chain and its own compliance assessment, the neodymium magnets covered by this statement comply with the applicable requirements of REACH, unless otherwise stated in a product-specific document, order confirmation, or written agreement.

Article status under REACH

The products covered by this statement are supplied as articles. They are not supplied as substances or mixtures, and they are not intended to release substances under normal or reasonably foreseeable conditions of use.

Candidate List substances of very high concern (SVHC) - Article 33

Brisingi Magnets / Pipio ApS monitors the Candidate List of substances of very high concern as published by the European Chemicals Agency (ECHA). Based on the information currently available to us at the issue date of this statement, Brisingi Magnets / Pipio ApS has not identified any Candidate List SVHC present above 0.1% weight by weight (w/w) in the neodymium magnets covered by this statement, unless otherwise disclosed in writing for a specific product or delivery.

If Brisingi Magnets / Pipio ApS identifies that a covered product contains a Candidate List SVHC above 0.1% w/w, Brisingi Magnets / Pipio ApS will provide the legally required information to the recipient of the article, including at least the substance name and sufficient information to allow safe use of the article.

Annex XVII restrictions

Brisingi Magnets / Pipio ApS monitors applicable restrictions under Annex XVII of REACH. Based on the intended use of the covered products as neodymium permanent magnets and on the information currently available to us, Brisingi Magnets / Pipio ApS has not identified any Annex XVII restriction that prevents the supply of the covered products, unless otherwise stated in writing for a specific product or delivery.

Confidential supporting documentation

This customer-facing statement does not include supplier identities, detailed formulations, bills of material, supplier declarations, test reports, or internal compliance assessments. Such supporting information is maintained as part of Brisingi Magnets / Pipio ApS internal compliance records and is treated as confidential. Where legally required, relevant supporting information may be provided to competent authorities. Where commercially appropriate, additional supporting information may be provided to customers under a separate confidentiality agreement.

Validity

This statement is valid for the products covered above as of the issue date and remains valid until replaced by a newer statement or unless Brisingi Magnets / Pipio ApS notifies the customer otherwise. Because REACH obligations and the Candidate List may change over time, this statement should be reviewed periodically against the latest regulatory requirements and product information.
